

Nameplate Labels

Tested & proven to withstand harsh environmental and washing conditions, extreme temperatures and UV exposure.

Durable Premium Nameplate

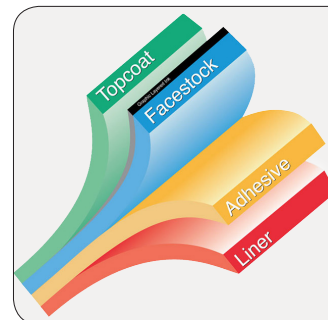

The Durable Premium Nameplate is a durable label which allows you to permanently identify and track your reusable packaging without the costs and problems associated with hot-stamping and bolted nameplates. Our self adhesive nameplates have been pre-tested to withstand harsh environmental and washing conditions, extreme temperatures and UV exposure.

Features of the Durable Premium Nameplate

- Can be customized to virtually any size, color and/or graphics
- Print with barcode, sequential number and/or human readable identification
- Constructed to withstand weather, temperature, abrasion or exposure to harsh chemicals

Benefits of the Durable Premium Nameplate

- Improve accuracy and efficiency in data collection processes for many activities including supply chain management, logistics tracking and point-of-sale
- Cuts cost associated with hot-stamping and bolted nameplates

Resistant to:

Tear
Moisture
Scuff
Abrasion
Humidity
UV

Topcoat

Poly overlam protects against high temperature, abrasion and chemical exposure for maximum label protection.

Facestock

Tear and moisture resistant film construction.

Adhesive

Permanent heavy-coat weight adhesive that has excellent performance on highly textured surfaces, including HDPE.

Liner

Protects the adhesive, allowing nameplates to be removed easily and applied to proper surfaces.
