

Nameplate Labels

Create order with identification/barcode labels for your racking and shelving units

Warehouse Location Labels

Warehouse Location Labels create order and efficiency within a warehouse. Location labels provide high visibility and permanently identify racks and shelving units, preventing mis-shipments and inaccurate inventory counts. Available in several versions to deliver specific nameplate solutions, they come in a variety of mil thicknesses and sizes to suit any application or budget.

Features of Warehouse Location Labels

- Can be customized to virtually any size, color and/or graphics
- Print with barcode, sequential number and/or human readable identification
- A variety of adhesives for indoor, outdoor and cold storage label applications

Benefits of Warehouse Location Labels

- Organize receiving, stocking, staging, inventory, picking and shipping operations
- Eliminate the uncertainty of which rack to scan
- Customized for sequential numbering, providing multiple options for companies to organize assets integral to their operations

Location Labels Available

- Durable or Economical
- Refrigerated-Grade
- Freezer Grade
- Custom Colors
