

# Clean & Safe™

## Placard Label Holder

### with FDA Approved Adhesive

Keep your people, environment and containers Clean and Safe. A creative Identification system to meet today's challenges. No more scraping off bacteria and dirt infested labels from containers.

The **Clean & Safe™** placard, featuring **Hold & Release®** technology, is a permanent label holder that allows for easy application and removal of single-use labels with no sticky residue or messy overlapping, keeping containers neat and clean. A new product that is needed now more than ever and provides a method to keep your containers clean and employees safe from today's challenges. A container can have up to hundreds of human touch points over its lifetime. Make those touch points easy, clean and safe.

#### Features of The Placard

- Adhesive is FDA compliant for indirect food contact
- Placard surface can be easily cleaned with soap and water
- Easy removal and replacement of labels
- Adheres to wide range of surfaces and temperatures
- Can be customized to virtually any shape, size and color
- Accepts most standard permanent labels

#### Placards Available

- Standard Clean & Safe

#### Applications

- Hand-Held Containers
- Industrial Bins
- Bulk Containers
- Totes
- Trays

#### Benefits of The Placard

- **Confidence** – **Hold & Release®** technology will leave no adhesive residue limiting the opportunity for contaminants to adhere and build up
- **Increased productivity & cost savings** – No excess labor and time needed scraping containers to remove label build-up
- **Organization** – Neat & clean containers to aid in the prevention of mislabeled or misidentified containers
- **Security** – Still provides all the benefits of the traditional placard with the **Hold & Release®** technology but with added benefits
- **Certified** – Our facility is GFSI-IFS Pac Secure Certified

Without Placard

With Placard

The **Original Placard Label Holder**, featuring **Hold & Release Technology®**, allows labels to be easily applied and removed hundreds of times with minimal surface degradation. This innovative product line – ideal for reusable packaging, racks and shelving – is available in multiple sizes, styles, grades, and colors. With a 99.999% success rate, it is the only labeling system in the industry guaranteed to perform. Ask us about warranties on select products. Kennedy Group materials undergo independent testing, including removability and durability, surface testing, QUV weathering, extreme temperatures, and wash cycles. Anything Less Means Risking More.
